Kathleen Joyce Nelson Scholarship Available for New Bedford High School Seniors

New Bedford High School graduating seniors are urged to apply for the **Kathleen Joyce Nelson Scholarship**, now available through the Community Foundation of Southeastern Massachusetts.

Established by David and Joyce Nelson in memory of their late daughter, Kathleen Joyce Nelson, the fund provides an annual college scholarship of at least \$2,000 to a NBHS senior, with preference given to students who have struggled with cancer or have an affiliation with the cancer-stricken population through community service, employment, volunteer work, or family involvement. A secondary priority is students who plan to major in government, political science or public service at a four-year accredited college or university.

Please contact the NBHS guidance office for more details and an application.
